

ARTS & CRAFTS PLAN

APRIL SHOWER CRAFT

EQUIPMENT

White & Blue card
Cotton wool
String
Glitter (optional)

METHOD

Draw and cut out a cloud shape on white card / paper.

Cut several lengths of string of different lengths.

Draw lots of rain drops out of blue paper. If you want you can add some glue and sprinkle glitter over them too.

Stick cotton wool around the edge of the cloud shape. Draw a little smiley face in the middle.

Once the rain drops are dry, cut out.

Tape the lengths of string onto the back of the cloud so they hang down.

Tape the raindrops onto the other end of the string so the rain drops are falling from the cloud.
