Arts & Crafts Plan

Bubble wrap turtle art

Equipment

Paper
Bubble wrap
Turtle silhouettes
Glue
Scissors
paint

Method

Dip the piece of bubble wrap into blue paint and print onto a piece of paper to create waves.

Try and use different shades of blue and green for an ocean effect.

Once the paper is covered, leave to dry.

Cut out the silhouettes of turtles. Alternatively children can draw and colour in their own turtles or other animals if they wish.

Once the paint is dry, glue the turtles / animals onto the waves.
