

# ARTS & CRAFTS PLAN

## FINGERPRINT TREE

## EQUIPMENT

Paper  
Paint  
Paper plates

## METHOD

Children can use their hand and arm as a tree trunk by painting it and printing onto the paper or they can paint a tree shape (less messy!)

Place blobs of different colour paints onto a paper plate.

Children then create leaves on their tree by using their fingerprints.

Children can make their own individual trees or it would be a lovely activity for the whole club to add to for display!
