

ARTS & CRAFTS PLAN

FORK PAINTED BUNNIES

EQUIPMENT

Coloured paper
White paint
Forks (optional)
Felt tip Pens

METHOD

Children use the forks / brushes to spread the white paint out to create the bunny's face. Leave to dry.

Meanwhile cut out ears, nose etc out of paper.

Take a strip of green paper and cut along one edge to half way down to create grass.

Once the face is dry, stick on the facial features. They can also use felt tip pens if they want.

Stick the grass along the bottom edge of the paper.

If the children want to they can cut out and decorate easter eggs and stick on top of the grass.
