GALAXY PLAYDOUGH

*TIP - MIX A BIT OF PVA GLUE INTO THE PAINT TO HELP IT STICK TO THE SALT DOUGH.

EQUIPMENT

- 4 cups of flour
- ½ cups salt
- 1 cup of water
- 2 Tbs Cream of Tar Tar
- 3 Tbs Vegetable Oil
- Black / purple / blue food coloring
- Glitter

METHOD

1. In a large bowl combine the flour, cream of tar tar, and oil. Mix well.
2. Boil the water and pour into the mix.
3. Divide the mix in two batches.
4. Add black food colouring to one batch and purple to the other.
5. Combine with a wooden spoon.
6. Sprinkle silver and purple glitter onto the purple dough and mix until completely blended.
7. Add the dark blue and black glitter onto the black Playdough.
8. Mix both Playdough together enough to see swirls. Then the Playdough is ready.

	9. If you blend it too much, both colours will turn into one making a dark purple and losing the swirl effect.
