

ARTS & CRAFTS PLAN

PAPER LEIS

EQUIPMENT

Coloured paper / card
Tissue paper
String
Straws

METHOD

1. Each child needs a long length of string. Tie a big knot at one end.
2. Get children to cut out lots of flowers and leaves out of different coloured pieces of paper etc
3. Using a sharp pencil, pierce a hole through the middle of the flowers and leaves.
4. Cut straws into around 2cm lengths
5. Children then need to thread leaves and flowers onto their pieces of string, separating them with pieces of straw.
6. Once they have filled their string, they need to tie the 2 ends together to make a long necklace!
