

ARTS & CRAFTS PLAN

PAPER LIZARD

EQUIPMENT

Paper
Lizard template

Colouring pens / crayons
Scissors and glue

METHOD

Get children to colour in the template of the lizard with a pattern

Cut out the lizard

The dotted lines are where you need to fold in order for the lizard to be able to stand up!

Colour in the thin strip red for the tongue and cut out

Wrap the strip around a pencil or finger to curl.

Stick one end to the underside of the lizard's head so the tongue is sticking out.

They can also cut out a base for the lizard to stand on if they want.
