

ARTS & CRAFTS PLAN

PAPER STRIP FLOWERS

EQUIPMENT

Scissors and glue
Coloured paper

METHOD

1. Cut the coloured paper into thin strips
2. Fold over a strip of paper by bringing the two ends together, making a tear shape.
3. Glue the ends together to hold the tear shape loop in place.
4. Repeat with other strips.
5. Glue the loops down onto the background piece of paper to form a flower shape.
6. Continue to stick different sized loops down in layers to make a flower.
7. Make the middle of the flower using bits of paper, glued into the middle.
8. Glue down cut out green paper for the stem. You could add leaves if you wanted.
