

# ARTS & CRAFTS PLAN

## VEGGIE PATCH PLATES

## EQUIPMENT

Paper plates  
Brown wool  
Scissors

Paint  
Coloured card  
Sellotape

## METHOD

1. Paint a paper plate, half blue and half brown. Leave to dry.
2. Meanwhile, make different vegetables out of coloured cards using scissors and glue.
3. Once the paper plate is dry, cut small slits around the edge of the brown half of the plate, about 1cm apart.
4. Stick one end of the brown wool onto the back of the paper plate with Sellotape.
5. Wrap the wool around the brown half of the plate in straight lines down to the bottom of the plate and then back up again. Secure end to the back of the plate with Sellotape.
6. Thread the vegetables through the layers of wool to secure them in the garden!
