

ARTS & CRAFTS PLAN

WOOLLY MITTENS

EQUIPMENT

Coloured paper
Paint
Cotton balls

Scissors

METHOD

1. Get children to draw around their hands (but don't go in between each finger) to make a mitten shape. They can make one or two their choice!
2. Cut out their mittens.
3. Using cotton balls (optional) dab different colour paint all over the mitten to make their desired pattern. They can design differently if they prefer.
4. Break up a couple of cotton balls and glue along the bottom of the mitten to make a fluffy edge!
