

ARTS & CRAFTS PLAN

ZEBRA FINGER PUPPETS

EQUIPMENT

White card
Googly eyes
Black Wool
Black felt tip pen / Paint
Scissors
Glue

METHOD

1. Children draw then cut out a body, neck, head and ears out of white card – keep them as simple shapes; oval body and face, rectangular neck etc
2. To make the 4 finger holes (for animal's legs) children could draw round a small glue stick and then cut them out.
3. Children glue the body parts together to create their zebra.
4. Then decorate their zebra using paint or pen to make stripes.
5. Stick on ears and a googly eye.
6. Cut several short strips of wool for the zebra's mane and glue onto the neck.

	7. Stick several long strips of wool on the back end of the body for the tail!
