Science Plan

Bottle rockets

Equipment

Mint mentos
Various fizzy drinks
Plastic bottles

Method

1. Pour your fizzy drinks into the smaller bottles so everyone is able to witness their own fizzy reaction
2. Drop the mint mento into drink.
3. Sit back and watch was happens
4. Questions to ask the children
5. Which one will react the best?
6. Will it work with other drinks that aren't fizzy?
7. Will other sweets work to make the drinks react this way?
