Cooking Plan

Fire Cupcakes

Ingredients

110g softened butter
110g golden caster sugar
2 large eggs
½ tsp vanilla extract
110g self-raising flour

For the buttercream:

150g softened butter
300g icing sugar
1 tsp vanilla extract
3 tbsp milk
Flake / matchsticks
Red and orange Food colouring

Method

1. Heat oven to 180C/160C fan/gas 4 and fill a 12 cupcake tray with cases.

2. Beat 110g softened butter and 110g golden caster sugar together until pale and fluffy then whisk in 2 large eggs, one at a time, scraping down the sides of the bowl after each addition.

3. Add ½ tsp vanilla extract, 110g self-raising flour and a pinch of salt, whisk until just combined then spoon the mixture into the cupcake cases.

4. Bake for 15 mins until golden brown and a skewer inserted into the middle of each cake comes out clean. Leave to cool completely on a wire rack.

5. To make the buttercream, whisk 150g softened butter until super soft then add 300g icing sugar, 1 tsp vanilla extract and a pinch of salt. You could split into different bowls and add food colouring in each to create the flames.

6. Whisk together until smooth (start off slowly to avoid an icing sugar cloud) then beat in 3 tbsp milk. Make sure the icing is nice and thick so it can be build up, add more icing sugar if needed.

7. Spread a little bit of icing onto the top of the cupcake to act as a glue, then place flake / matchsticks on top to create wood.

8. Add the red and orange icing onto the wood and your fire cupcake is ready!
